## A Focus on Cancer in the African American Community

A Series of Free Virtual Workshops Presented by  
**Cancer Support Community Atlanta**

Join these live virtual programs to hear an overview on how these cancers affect the African American community. Each program will discuss screening recommendations, risk factors, and treatment options. Dr. Ryland Gore with North Atlanta Breast Care will moderate these live events, where participants will have the opportunity to ask questions.

Register in advance for these programs on our website at:  
[www.cscatlanta.org](http://www.cscatlanta.org)

After registering, you will receive a confirmation email containing information about joining the program.
